A wisp of light gray texture is wandering on it, and the pattern is moving and flowing with the general interconnection of the passages of the labyrinth inside the palace, which looks like snow-white silk fluttering in the wind from afar, naturally relaxing and turning into infinite beauty.

It is dominated by white, its gloss is translucent, and it does not lose the three-dimensional sense of smoothness. The black texture is symmetrical and points to the pinnacle. It ingeniously creates a classic symmetrical aesthetic, which contains the beauty of balance and stability. The golden lines that arbitrarily shuttle among the snowy mountains constitute a majestic picture in a vertical and horizontal posture.
